

ALIGN[®]

COMPOSITE SIDING

 **RISE** RENOVATION

ELEVATE YOUR HOME'S EXTERIOR

The beauty of real wood, without the upkeep.

Why Rise? We offer Gentek Align Composite Siding—crafted for lasting beauty, strength, and weather resistance. With industry-leading warranties, realistic woodgrain finishes, built-in insulation, and a Class A fire rating, Align siding enhances curb appeal while improving energy efficiency. Built tough for Colorado's climate, it's siding that performs as good as it looks.

ALIGN[®]

**TIMELESS DESIGN.
LONG-TERM DURABILITY.
EXCELLENT VALUE.**

BEAUTY THAT LASTS

The look of real wood without the upkeep—crafted for timeless curb appeal and superior durability.

STRONGER PROTECTION

Impact-resistant siding with reinforced edges adds a layer of defense against storms, pests, and damage.

BUILT FOR EVERY SEASON

Engineered with composite technology to withstand harsh weather, resist warping, and keep its rich color for decades.

Exclusive (GP)² Technology

At the core of Align siding is Gentek's exclusive GP2 fiberglass-reinforced Technology. This dual-layered design bonds a high-strength fiberglass core with a durable composite exterior, delivering unmatched rigidity, impact resistance, and long-term stability.

The result is siding that outperforms traditional vinyl—resisting sagging, warping, and weather damage—while maintaining the authentic beauty of wood. With GP2 Technology, your home gains lasting strength, superior performance, and enduring curb appeal.

- A. Reinforced Nail Hem
- B. Self-Aligning Stack Lock
- C. (GP)² Technology
- D. 7" Flat Face & Cedar Grain Mill
- E. Compatible 3/4" Projection
- F. Defined Butt Edge
- G. Forgiving Hang
- H. On-Trend Color Palette

WATER-RESISTANT

Prevents rotting, warping, shrinking and swelling.

GLASS FIBERS

Adds strength and stability.

TITANIUM DIOXIDE

Protects against UV degradation.

WEATHERABLE PIGMENTS

Resist fading, even on dark colors.

IMPACT MODIFIERS

Resists dents and dings.

FLAME RETARDANTS

Decrease the spread of smoke and flames.

COMPOSITE SIDING

RISE RENOVATION

Class A Fire Rating

Gentek Align Composite Siding is engineered with safety at its core. With a Class A Fire Rating, Align offers the highest level of protection available in residential siding, providing critical peace of mind for homeowners. Unlike traditional vinyl or wood, Align's fiberglass-reinforced panels resist ignition and slow the spread of flames, helping safeguard your home and family. This added layer of security means you don't have to choose between style, performance, and safety—you get them all.
